QOMARDEEN TIJANI

Product Designer — UX / AI / Design Systems

Lagos, Nigeria | qomardeentijani@gmail.com | linkedin.com/in/qomardeentijani

SUMMARY

Product Designer building clear, structured, high-impact digital products across SaaS platforms, internal tools, and consumer experiences. Shipped live products end-to-end: research, wireframes, visual design, and production handoff. Background spans CMMS platforms, dashboards, fintech, and conversion-focused landing pages.

EXPERIENCE

Project Manager

Oladel Global Resources Limited — 2024 – Present (Project Manager Intern, 2023 – 2024)

- Own project planning, timelines, and delivery across cross-functional teams, keeping scope, budget, and quality on track.
- Introduced structured workflows and reporting that improved execution predictability and stakeholder visibility.
- Coordinate client communication, resourcing, and risk management from kickoff through handover.

Product Designer

Freelance / Independent — 2023 – Present

- Designed and shipped dashboards, SaaS tools, fintech products, and landing pages end-to-end.
- Led discovery, wireframing, high-fidelity UI, and developer handoff with conversion-focused outcomes.

Independent Fashion Designer

Self-employed — Earlier

- Led creative direction, production, and client delivery — building the systems thinking and detail discipline now applied to digital products.

EDUCATION

Product Design — AltSchool Africa
B.Sc. Human Anatomy — Ladoke Akintola University of Technology
